At Home Activity

Materials: Assortment of toothbrush, hairbrush, bowl, utensils, play food

Activity: Have the child get a favorite stuffed animal or doll and have them help get them ready for the day. Put out a collection of items and let them be the caregiver.

You can ask questions along the way to help guide them:

- “What should they do first?”
- “What are they going to have for breakfast?”
- “Are they ready to go outside?”

Ask

- What are some ways that we can help take care of people and animals?
- Have you taken care of a toy or stuffie that's been hurt?
- How do nurses help people? What tools do they use?
- Have you ever visited a nurse or a doctor? How did they help you?

Watch

Talk About It: Who Takes Care of Us?

Nurses, doctors, and other health care providers take care of people every day. But you don't have to be a nurse or doctor to help people!

Sing

Look for the Helpers with Daniel Tiger

When things seem bad or scary
Just take a look around
You'll see that people help each other
People help all over town

Look for the helpers
Look for the helpers

Doctors, nurses, fire fighters
And policemen too
They'll help you up and keep you safe
They're here to help you

If you are scared or frightened
Just look around and see
That people always help each other
People help those in need

Look for the helpers
Look for the helpers
